INTERNSHIP OFFER LETTER

Dear Kavya Sri Gullipalli,

Congratulations! We are happy to offer you the position of Software Developer Intern in our company, HDLC Technologies. HDLC is a technology company, which aims to change the way businesses operate on a daily basis via our AI Products. We hope that your contribution will enable us to cross many frontiers together.

We strongly believe that people have the power to change the world. We also believe that you have the potential to drive change. This offer letter acknowledges your ability to create long-term impact.

At HDLC you will have the opportunity to learn and develop cutting edge technology that can revolutionise our clients' businesses. You will be at the heart of a young, vibrant and multi cultural team that is curious and enterprising.

You will be working from home and report to the designated lead. You will be working as Intern in the domain of Python Programming and develop the Desktop and Web applications. We will endeavour to help you every step of the way in crafting a fulfilling experience, rich in learning.

Upon successful completion of the Internship program and performance review, you will be onboarded into HDLC Technologies.

We look forward to having you at HDLC. Your working hours and other T&C related to your internship will be communicated to you on the day of your joining.

Here's to exciting days of change! Welcome to HDLC and good luck!

Please confirm your acceptance of the offer asap.
